Projects

Interior Design Studio Site (click Here)
(HTML, CSS)

I developed a responsive Interior Design Studio Website using HTML and CSS. The site features a modern layout that highlights their interior design services and portfolio, ensuring an engaging user experience across all devices.

Grocery Store Website (Click Here)
(HTML, CSS)

I developed a multipage grocery store website using HTML and CSS, featuring an intuitive layout and easy navigation. The site showcases product categories and detailed listings, aimed at enhancing the online shopping experience.

Creative Digital Agency Website (Click Here)
(HTML, CSS, BOOTSTRAP)

I developed a digital agency webpage using HTML, CSS, and Bootstrap. The responsive design features an elegant layout that showcases our services, portfolio, and client testimonials. Focused on user experience.

Gym Website (Click Here)
(HTML, CSS, BOOTSTRAP)

Developed a gym website using HTML, CSS, and Bootstrap for a modern, responsive design. Designed to effectively showcase fitness services and attract potential members.
